Meeting Minutes

Meeting:
Sprint #: 2
Meeting: Plan

Date: 7 March 2017

Attendees:
Shane McLaws (s3436830)
Zac Williams (s3431670)
Callum Pullyblank (s3378543)
Sonia Varghese (s3484881)

Discussion

Summary of mid-meeting communications:
Shane:
- ● Stock information is now from CURRENT date, not from hard-coded period.
- ● Leaderboard functionality (Portfolio Value)

Callum:
- ● Server can handle multiple simultaneous socket connections
- ● Initial transaction history work

Zac:
- ● Huge stall of mobile application with incompatible libraries.
    - ○ AmazonS3Client builder not permitted on android?
    - ○ Possible solution - use previous deprecated code.

Sonia:
- ● Initial desktop Interface

Sprint Backlog:
Tracking of Transaction Listings
Regular (each 20 minutes) leaderboard update
Alternate Leaderboard sorting
Admin Features
Desktop-Front End Integration
Mobile-Front End Integration

Meeting:

Sprint #: 2
Meeting: Review

Date: 21 March 2017

Attendees:
Shane McLaws (s3436830)
Zac Williams (s3431670)

Callum Pullyblank (s3378543)
Sonia Varghese (s3484881)

Discussion

Summary of mid-meeting communications:

Shane & Callum Meeting with 'Brian and the beards':
- Comparison of progress
- Discussion of strategy

Summary of Progress:

Sonia:
- Further Desktop UI Development

Zac:
- Mobile Integration:
  - Register Users
  - Login Users
  - View Account info (Name, Balance, Score [old])
  - View Stock Portfolio
  - Logout Users

Shane:
- Transaction tracking now working (Requires reworking).

Callum:
- Backend Documentation.
- Live score updating.
- ASX data now downloads in 6 threads (2000+ results in 6 mins, not 30 minutes).

Meeting Content:

<u>Future Priorities:</u>

- **First Priority** - Desktop UI - Front-end integration
- Formulation of 3-minute speech for presentation (April 28)
- Additional Mobile Functionality
- Admin Account Functionality
